

Assistant Professor Cropping Systems Specialist

Department of Plant and Soil Sciences
Division of Agricultural Sciences and Natural Resources
Oklahoma State University – Stillwater, Oklahoma

POSITION DESCRIPTION

The Department of Plant and Soil Sciences, Oklahoma State University is seeking applicants for an 11-month, tenure-track, 75% extension and 25% research position to lead in planning, implementing, and evaluating educational programs to meet the needs of producers for improving existing production systems and adopting new cropping systems technologies, with initial emphasis on the transfer of canola production technologies to Oklahoma stakeholders. The successful candidate will be actively engaged in training and support of Extension and industry personnel and will be expected to interact with state and federal agency personnel as necessary. Participation in Plant and Soil Sciences departmental Extension efforts is essential, and utilization of web-based and innovative information delivery methods is preferred. The position will require development of an applied field research and demonstration program and periodic impact assessment of Extension activities.

QUALIFICATIONS

Minimum qualifications include: i) Ph.D. in Crop Science, Agronomy, or closely related field with major emphasis on cropping systems, ii) evidence of ability to communicate orally and in writing, iii) ability to work effectively in a team environment with Extension and agribusiness personnel, iv) ability to develop proposals to seek outside funding for program support, v) ability to conduct an effective applied research program in support of extension activities, and vi) skills regarding the effective use of electronic media in education and communication of technical information. Preferred qualifications include: i) previous experience in Extension and/or outreach activities, ii) research experience, and iii) evidence of the ability to publish and secure extramural funding.

RANK

Assistant Professor

SALARY

Competitive and commensurate with education and experience. Hiring contingent upon available funding.

APPLICATION DEADLINE

February 1, 2014, or until a suitable candidate is identified.
